1 Reporting to parents

3 different style of report were mocked up by Gr and discussed with the group

- The improved wording of the headings made the data easier to interpret
- The use of coloured predicted data column was preferred by the parents present
- The use of fine grades was discussed and thought to be very useful to track progress over time

Actions: It was agreed that versions of these reports would be displayed at KS3 subject parents' evenings in the summer term to gain the views of a wider audience.

2 Review of Parents evening

- The timing of parents evening was discussed and it was preferred that subject evenings would be beneficial in Feb/Mar so that relationships could be built with the teacher and also that there was time for intervention.
- Parents would like to be sent a copy of the mock results at the end of the academic year.

3 AOB

The Doncaster skills academy leaflet of employability competencies were shared with parents and feedback was given to Daniel Fell at Doncaster Chamber. Feedback on the poster was positive however parents felt that it would need to be accompanied by a ppt presentation.
